People are very busy drying, canning and preserving fruits.

The health of this neighborhood is very good, gen-\_erally speaking.

## A Trip Through the Mountains.

Mr. H. G. As one of them would call to his neighbor, a mile away, through Mr. Terrill's megaphone, the neighborhood immagined that an optopus, or a macrospondylus, or a corporation, or Senator Goebel had broken loose with a mouth big enough to swallow all the railroad, iron and cross-ties in Ken-Henderson & Stephens have tucky.
